Supervision of School Activities

Supervision of students is appropriate at all times for all activities held on school grounds or for school sponsored activities held away from the school. School personnel will act to supervise and/or chaperone students where required. Volunteers may also act to supervise/chaperone students where allowed.

All school activities and supervisors/chaperones require prior Principal approval. Forms for every activity will be on file at the school offices naming the chaperones and school personnel to be in attendance.
