

Curriculum Map 2023-2024

Teacher: Mrs. Larsen

Subject: Life Science

MONTH	UNIT	Lessons or skills covered
August	Nature of Science	Scientist Characteristics
September	Nature of Science	Measurement Using Scientific tools
October	Characteristics of Living Things/Intro to Cells	Microscope Activities Classifying Organisms
November	Cell Structure and Function	Cell Structure and Organelles Moving Cellular Materials
December	Cell Processes	Cells and Energy Transfer Photosynthesis
January	Cell Processes/Level of Organization	Cellular Respiration Mitosis Body Systems
February	Cell Reproduction/Meiosis	Asexual Reproduction/ Plant Diversity Sexual Reproduction/Meiosis
March	Genetics	Inheritance Punnett Squares DNA
April	Genetics/Ecology	Animal Diversity Ecosystems & Energy Cycles of Matter
May	Ecology/Natural Selection	Ecosystems Populations Plant and Animal Diversity
